		Elective	3
		Elective	3
		Spring, 3rd Year	
		ENVM 7096 Environmental Health Capstone	3
<p>*For those students seeking full time enrollment, work with your advisor. Electives could be added to the various semesters in order to complete your degree earlier. Taking courses during the Summer Session can also accelerate your progress towards the MPH degree.</p> <p>¹Only one toxicology course is required for the MPH degree.</p>
